Luxair Luxembourg Airlines unveils its new mobile booking solution!

Luxair Luxembourg Airlines has improved its eService offer and opened up a brand new mobile booking solution. Thus, customers can look up, select and book their flights directly on their mobile devices.

The mobile website mobile.luxair.lu allows customers to access valuable Luxair services at all times, by connecting from their smartphone or tablet. The new Luxair mobile booking solution allows customers to manage all aspects of their flights from their mobile devices as from now! As a result, Luxair has developed and increased flight booking opportunities for its customers.

Luxair Mobile Booking - Our services in line with our clients' needs

By simply accessing mobile.luxair.lu from a mobile phone or tablet and by clicking on "Booking", our customers will be guided through our booking flow. Intuitive design allows customers to search, select and book a ticket for all flights on the Luxair network, including codeshare and LuxairTours flight destinations. Customers can pay their reservation by Visa or MasterCard. Payments are completely secure.

Mobile Check-In and further valuable mobile services

To save time at the airport, customers can use the Luxair Mobile Check-In service, choose their seats and receive their 2D Boarding Pass directly on their mobile device. Mobile Check-In is available from 24 up to 1 hour before flight departure. In addition, the mobile website mobile.luxair.lu provides access to flight status, MyLuxair, business lounge finder, city guides and many other valuable services.
