## Miles & More: Earn and redeem Miles, now on all 92 Luxair and LuxairTours destinations

*To respond to the strong customer demand, Luxair announces the extension of the Miles & More program to its entire network of 92 destinations proposed this year, including LuxairTours holiday destinations as well. As of today, customers can also earn and redeem miles on destinations such as, for example, Mallorca, Malaga, Faro, Tenerife and all other destinations of the Luxair and LuxairTours network.*

Luxair is a long-term, fully integrated and co-issuing partner of Miles & More, Europe's leading frequent flyer program. With a view of continuously improving the customer experience and rewarding their trust and loyalty to Luxair, LuxairTours is now also participating in the Miles & More program.

As of now, customers can earn *Award Miles*, *Status Miles* and *HON Circle Miles* on all 92 Luxair destinations. Frequent travellers will be rewarded with the precious Miles & More status levels – Frequent Flyer, Senator and HON Circle Member. This way customers will be able to enjoy exclusive privileges and benefits that will make their trip even more enjoyable, be it on the ground or in the air. Since this 01 February, Miles & More members can redeem their Award Miles via the Miles & More website on all Luxair and LuxairTours destinations. The redemption of tickets is subject to terms and conditions, available at [www.luxair.lu](http://www.luxair.lu) and [www.miles-and-more.com](http://www.miles-and-more.com).

Thanks to the partnership between Luxair, Miles & More and Spuerkeess, Miles & More members can even multiply their benefits. The Miles & More Luxair Visa and Visa Business cards combine the advantages of a globally recognised credit card with the exclusive services offered by Europe's largest frequent flyer program. For every flight or holiday package booking, the card holders earn Award Miles, two times: first when paying with the Visa card and second when travelling with Luxair and LuxairTours. With the new option of redeeming miles on all 92 destinations, the Miles & More Luxair Visa card holders will also benefit from this program extension.

Gilles Feith, Luxair CEO: "Rewarding our customers for their trust and loyalty to Luxair is always a priority for us. An important milestone is that our customer can finally benefit from the Miles & More program on our full network, which this year reaches 92 destinations and all product offers. Again, this initiative is part of Luxair's innovation process, striving to constantly offer new and valuable services our customers in a competitive market environment."
